SWIF REPORTING QUESTIONAIRE

When one of your employees has been injured, early reporting is the most important step you can take in controlling the cost of the injury and the time lost from work. Immediately report ALL injuries to SWIF, no matter how minor the injury may seem. If you have posted a panel of physicians, secure the injured employee's signature on the Employee Notification Form. This form should already have been signed at the time of hire.

Much confusion exists surrounding the proper completion of the LIBC-344. For your convenience, SWIF has implemented a toll-free Reporting Hotline. In order to alleviate any confusion and reporting delays, the following is an item-by-item explanation of the LIBC-344 form. To expedite the claims reporting process, please refer to this questionnaire when calling SWIF's injury hotline.
